

SECURITRON®

ASSA ABLOY

SECURITRON from ASSA ABLOY offers a Touchless solutions for the age of sanitary consciousness.

Features

- Active microwave motion sensing using Doppler radar—more reliable than infrared sensors
- Adjustable sensing zone from 4" to 24" helps screen out incidental traffic
- Microwave sensing FCC certified for use in general and medical environments
- Touchless activation for hands-free operation, reduces transmission of germs
- Compatible with Securitron WBB Weather Back Box and WCC Weather Cover-Clear
- Offered in a single-gang or double-gang model

Multiple Applications

- Hands-free, germ-free activation for healthcare applications.
- Good for Apartment buildings, retail spaces, condominiums, and anywhere that has a push to open/exit that can also be used to eliminate hand-to-handle contact.
- Use for request to exit (REX) activation to trigger a variety of access control devices in place of a push plate or push button
- Use for contactless on/off switching
